

IAȘI COUNTY: TOMORROW'S PROJECTS TODAY

Cities of Tomorrow Conference,
Crowne Plaza, Bucharest,
May 28th, 2013

INVESTING TODAY TO SECURE A BETTER TOMORROW:

DEVELOPMENT AND MODERNIZATION OF IASI INTERNATIONAL AIRPORT

1. Stage 1 – action 1:

- 2400 m long and 60 m wide **new runway** (running path access platform extension; expansion of the embarkation/disembarkation platforms; runway lead-in lighting system for operating class II ICAO; platform lighting system; power plant etc.).
- Investment value: 49,29 mil. EUR (state budget and **own resources**);
- **Public tender closed; signing the contract within next few days.**

Class C aircraft:
Boeing B737, Airbus A320
Class D aircraft:
Boeing B767, Airbus A310

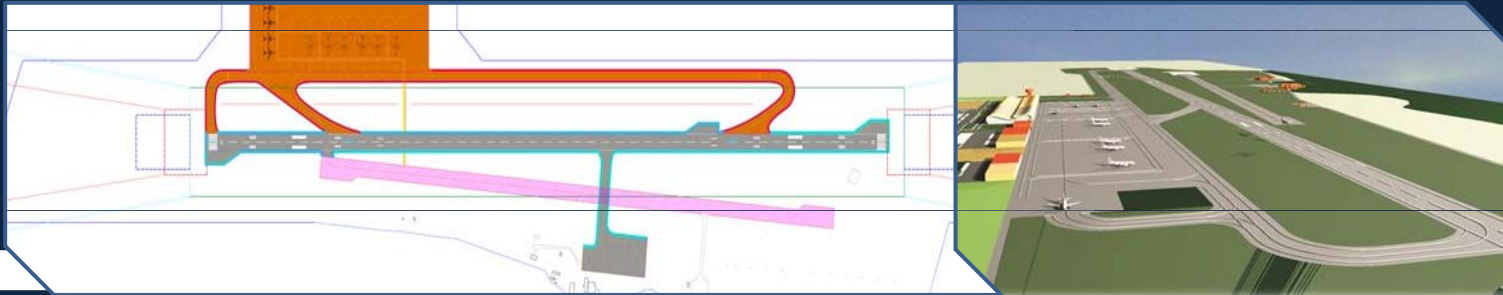

DEVELOPMENT AND MODERNIZATION OF IASI INTERNATIONAL AIRPORT

Strategic investment development plan:

1. Stage 1 – action 2:

- taxiways and quick escape routes (Bravo and Charlie); new embarkation/disembarkation platform for 4 Class C and 6 class D aircraft; connection road between the new platform and the current passenger terminal; lead-in lighting system for class II etc.
- investment value: 39,80 mil. EUR (**European funds**);

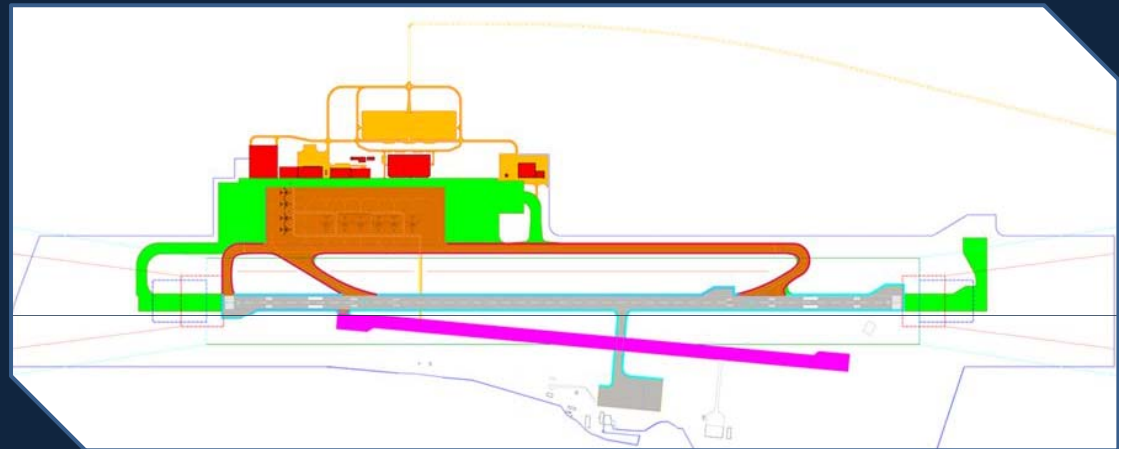

OLD PUZZLES, NEW PIECES: DEVELOPMENT COOPERATION THROUGH PPP (BOT) OR CONCESSION

DEVELOPMENT AND MODERNIZATION OF IASI INTERNATIONAL AIRPORT

Strategic investment development plan:

- 1. Stage 2 – new terminal for 2.000.000 mil. passengers;
- 1. Stage 3 – CARGO terminal;
- 2. Stage 4 – Hangar & parkings.

BUILDING A SUSTAINABLE FUTURE: IAȘI INDUSTRIAL PARK

Initiator and main shareholder: Iași County Council.

Partner: Local Council of Miroslava, Iași County.

Miroslava is located in the center of Iasi County, 30 km away from the **river of Prut**.

Main **road** connections: DN28 (E583), DJ248A, DJ248.

Links with other functional areas of the country provided by the **railway** system.

Iași International Airport is located only 15 km away.

Main advantages: the presence of a major investor in the area (Delphy Diesel Systems Romania); utilities available accross the commune of Miroslava.

Expected funding sources: capital contribution; loans from banks and other financial institutions; concessions in advance and PPP.

The Industrial Park will provide: field concession for Romanian and foreign investors; development support services; security and sanitation services; technological transfer; legal and technical assistance; contact with local authorities; counselling for infrastructure development.

REGIONAL INTERMODAL FREIGHT TRANSPORTATION CENTER

OPTIMIZING SUPPLY CHAIN COSTS

The project consists in the execution of the **railway, road and parking infrastructure works**, thus ensuring the inter-connection to the national railway and road network, as well as to utilities.

The Intermodal Center is planned to be financed by the **Transport Sectoral Programme**. Due to the lack of funds of the current EU programme, it is estimated that the investment will be accomplished in several stages:

- temporary storage platform of intermodal freight units (especially containers);
- provision of utilities (electricity, drainage, water supply, sewerage, etc.).
- rail access and related railway infrastructure;
- road and rail infrastructure within the terminal.

At the end of 2012, the public procurement was approved for the acquisition of technical and economic documentation. The procedure is ongoing.

DOING BUSINESS AND LIVING IN IASI, TODAY...

Quality of life

- **Kindergartens and primary schools** (English, German and French) - over 10 authorized education institutions;
- **15 Hospitals and medical centers of excellence**
 - ❑ Specialities: cardiology, neurology, emergency hospital, recovery, infectious diseases, obstetrics and gynaecology hospitals etc.
- **Parks, shopping centers and leisure facilities**
 - ❑ Expo Park, Botanical Garden, Palas park & shopping center, Hotel Unirea & SPA, Palace of Culture, University Library, Dosoftei House
